EDUCATION

Shri Ramswaroop Memorial University

Bachelor of Computer Applications (BCA)

Lucknow, Uttar Pradesh

Aug 2024 – May 2027

- Relevant Coursework: Data Structures, Algorithms, Database Management, Web Technologies, Operating Systems
- Certifications: O Level, CCC (Course on Computer Concepts)

TECHNICAL SKILLS

Programming Languages: Python, HTML, CSS, JavaScript (Learning)

Technologies & Frameworks: Full Stack Development (MERN Stack - Learning), Cybersecurity Tools

Tools & Platforms: Microsoft Office Suite (Word, Excel, PowerPoint), Git, VS Code, Linux

Core Competencies: Data Entry (80+ WPM), Database Management, Technical Documentation, Problem Solving

Soft Skills: Fast Learning, Attention to Detail, Time Management, Team Collaboration, Communication

PROFESSIONAL EXPERIENCE

Data Entry Clerk

Universal Coaching

Feb 2023 – Jul 2024

Azamgarh, Uttar Pradesh

- Processed and maintained over 5,000 student records with 99.8% accuracy using Microsoft Excel and database systems
- Developed standardized templates and documentation procedures, reducing data entry time by 30%
- Collaborated with cross-functional teams to ensure data integrity and compliance with organizational standards
- Implemented quality control measures to identify and correct data discrepancies, improving overall data quality
- Demonstrated strong attention to detail and organizational skills in managing high-volume paperwork and records

PROFESSIONAL CERTIFICATIONS & TRAINING

Cybersecurity Specialization

Industry-Leading Virtual Experience Programs

- **Tata Cybersecurity Analyst Simulation:** Conducted security assessments and vulnerability analysis
- **Commonwealth Bank Cybersecurity Simulation:** Analyzed security threats and implemented protective measures
- **Deloitte Australia Cyber Simulation:** Performed risk assessments and developed security recommendations
- Gained hands-on experience in threat detection, incident response, and security best practices

Technical & Business Training

Leading Consulting Firms

- **BCG GenAI Job Simulation:** Explored applications of Generative AI in business problem-solving
- **TCS iON Career Edge - Young Professional:** Enhanced professional skills and industry readiness

PROJECTS & TECHNICAL INITIATIVES

Personal Cybersecurity Lab | *VirtualBox, Kali Linux, Network Tools*

2024

- Built virtualized environment to practice penetration testing and security auditing techniques
- Conducted network vulnerability scans and analyzed security configurations of test systems

Full Stack Web Development Projects | *HTML, CSS, JavaScript, Python*

2024

- Developing responsive web applications using modern front-end and back-end technologies
- Learning MERN stack (MongoDB, Express.js, React, Node.js) for comprehensive web development

Template Design Portfolio | *Microsoft Office, Design Principles*

2023 - 2024

- Created professional document templates and presentation designs for organizational use
- Improved document consistency and visual communication standards across departments

ACHIEVEMENTS & INTERESTS

Academic Excellence: Consistently maintained strong academic performance throughout BCA program

Certifications: Completed 5+ industry-recognized virtual experience programs from Fortune 500 companies

Professional Development: Actively pursuing knowledge in emerging technologies like AI, ML, and Cloud Computing

Career Focus: Passionate about cybersecurity, ethical hacking, and protecting digital infrastructure

Continuous Learning: Engaged in self-directed learning through online courses, coding challenges, and tech communities
